SUSTAINABLE STYLES 2024 ■

Saving the planet is a good look

When you choose to buy apparel and accessories with a lower environmental impact, you're doing your part to create demand for high-quality products that make a difference.

New Ways to Lower Your Carbon Footprint

HOW WE GET TO CARBON NEUTRAL

REDUCE

We lower our initial impact by using at least 50% preferred materials in all C-FREE styles.

MEASURE

We calculate the carbon emissions generated during the product life cycle.

NEUTRALIZE

We purchase carbon offsets that remove an equivalent amount of emissions elsewhere in the environment.

Rethink. Reduce. Refresh.

Born From Scraps. Worn With Pride.
Made For Everyone.

In 2019, we introduced the Re-Tee® - our first shirt made from 100% recycled materials.

From that simple beginning we've now developed 12 unique products in five apparel categories, from beanies to fleece to joggers. Each piece in this collection uses less resources to create clothing and accessories that feel good in every way.

Today's RE Collection has grown to help you build your business and reduce your carbon footprint, all at the same time.

In a single year, the purchase of RE Collection products made a measurable difference in the world we share.

- Equivalent emissions avoided: **151,111 commutes**
- Equivalent water saved: **2,561,298 loads of laundry**
- Equivalent materials kept out of landfill: **106 garbage trucks worth**

Feel Your Impact™

If you're looking for a better shirt, Allmade puts the needs of people and planet first, creating a positive impact you can feel great about.

Each Allmade tri-blend t-shirt keeps the equivalent of six plastic bottles out of the landfill, plus uses less water and emits fewer carbon emissions.
